

# COMMUNITY TRANSFORMATION CERTIFICATE

APRIL 12 - JUNE 28, 2022

The world's cities are dramatically expanding, along with the material and spiritual needs of their most marginalized residents. Since 1993, Servant Partners has worked towards Christ-centered transformation in communities around the world.

---

## The CTC is designed for

- Leaders who desire mutual transformation with marginalized neighbours, instead of adopting a charity model
- Leaders ready for hands-on learning, co-creating innovative ministry approaches with neighbours
- Leaders discerning long-term work alongside urban marginalized communities
- Leaders who are eager to initiate potentially new relationships and can imagine co-creating a small responsive action with those in the community.

## Participants will

- Develop and facilitate a community listening project that reveals community strengths and assets
- Design and launch a community-based project informed by the listening project
- Practice deep listening (to God, the Community, and Self) as the central posture for effective community transformation
- Understand a theology of Shalom and learn the Biblical call to urban community transformation through our 9 Signs of a Transforming Community framework
- Engage spiritual practices that sustain incarnational community transformation by living out our Vision for Spirituality & Rule of Life
- Learn SP's key strategies (church planting, community organizing, leadership development, pursuing partnerships) and how they could be used in their own context
- Discern their personal contribution and next steps for incarnational community transformation

## Structure

- 12 weeks of alternating online cohort and in-person engagement in your local context
- Online cohort meetings Tuesdays 5:00 - 8:00 pm PST
- 5 sessions of one-on-one coaching with experienced community transformation leaders
- 3 hours of engagement per week either with cohort or in community engagement
- One Saturday 5 hour intensive listening block in your community
